(1) The Diamond package grants the right to collect earnings from up to 8 levels of depth, even if you haven't yet qualified for the Diamond rank based on organizational volume. This benefit lasts for 6 months. To continue receiving earnings from 8 levels, you must repurchase the package within the designated time frame. If not, you'll revert to collecting earnings according to the levels specified in the Unilevel table (the 5th way to earn money).

(2) Only distributors who enroll with a Silver, Golden, or Diamond package are eligible for this bonus (see the 8th way to earn income).

(3) Earn a percentage Check Match on the Unilevel earnings of the distributors you personally enrolled. The percentage you receive is based on the package you enrolled with.

(4) To continue receiving Check Match bonuses, distributors must purchase a product package within the specified time frame to maintain this benefit (see table). Re-purchases of starter packages will be paid out as Unilevel bonuses.

† Status Upgrade - The distributor will have a period of 2 months to change the level by acquiring the difference between the product package they initially purchased and the new level they wish to reach. The company will pay the difference in bonuses in the next run. Additionally, if the 2 months have passed, you can still change levels by purchasing the new level's product package in a single order. This purchase will be recorded in the Unilevel table.
